

# WHO IS ALL OUT AFRICA?

All Out Africa is a social enterprise comprising of a group of companies and a non-profit based in South Africa, Swaziland, Mozambique and Botswana. We cater to people looking for a wide variety of African experiences from volunteering, tours, research, internships and University field studies, whilst at the same time building sustainable long-term projects. Our goal is to partner with you so we can continue to share our passion for Southern Africa's people, places and wildlife with the world and offer *adventures that change lives*.

## VOLUNTEER

Find out why 100% of our volunteers and students rave about our projects! Participants work along side members of the community to build shelters, teach classes, coach sports or conduct important conservation research; this experience gives back as much as our volunteers gain from it. Our in-house Tour and Foundation division means we can offer packages that combine adventure tours with volunteer, intern or student experiences, as well as contribute a donation fee straight back to our projects. This gives us a totally unique opportunity for clients to both give back and explore Southern Africa like no other volunteer program.

## LEARN

All Out Africa is taking learning to new levels! By joining as an intern, researcher or as a group class, our programs encourage school or university students to step out of the classroom, and gain some exciting hands on experience, whilst living in Southern Africa. Our Savannah Research Centre and Marine Research Center are perfect facilities for university students and groups looking to gain field training in African Ecosystems. Our projects have received international recognition for their good work, including over 60 scientific publications!

## TOUR

Take a tour with us! Whether you want to zip line through the mountains of northern of Swaziland or spot elephant from a open-air safari truck in the Kruger National Park, All Out Africa Tours offers a wide selection of tours sure to make your African holiday an adventure of a lifetime.

## DONATE

All Out Africa is serious about giving back to our environment and community. That is why we set up a Foundation to help us expand and sustain our project development, from the 6 neighborhood care points we run for vulnerable children to the 2 wildlife and marine research centres, so our participants are really helping to change lives.

# 5 REASONS TO BECOME AN ALL OUT AFRICA PARTNER

**1. QUALIFIED & EXPERIENCED STAFF** - We believe in hands on learning, which is why we have made Southern Africa into our classroom! Not only are our programs custom designed to your unique learning objectives, but our staff are qualified, highly skilled and experienced to ensure every single student gets the most out of their time with us. Make learning fun again by letting our professional staff lead your class!

**2. IN-HOUSE RESEARCH CENTRES** - All Out Africa research is more than just test tubes and slides, our science is seriously sound. Students from all over the globe have the opportunity to contribute to actual data collection that is used in scientific journals and publications, that contribute to conservation efforts for both Savannah and Marine wildlife. Our two research centers are fully equipped, staffed and designed to cater to international scientists and researchers so groups from universities world-wide can access all the tools needed to make scientific change.

**3. EASY PARTNERSHIP** - When it comes to partnership, the more participants we get the more lives we can change and research that can be done. That's why we keep the booking process as easy and hassle-free as possible. Along with a commitment to provide prompt one-on-one support from initial contact, through planning and 24/7 on the ground support! Our programs provide safe, reliable transport, award-winning accommodation, 3 tasty meals a day, as well as a project donation to boost the sustainability of each program we offer.

**2. VARIETY OF LEARNING OPPORTUNITIES** - What sets us apart? Our projects are authentic and unique! We are able to take your clients on adventures beyond their wildest dreams, whilst participating in important research projects at the same time. Whether it's adding in an adrenaline pumping zip-line, gathering data whilst diving along side massive Whale Sharks, having the option to combine multiple destinations or completely creating a custom program specific to your needs; we truly offer hands-on learning alongside adventures that change lives.

**5. SATISFIED STUDENTS** - We can brag about our programs all day, but we don't have to when 100%\* of participants would recommend the experience to a friend! With universities from the USA, Canada and the UK already partnering with us, and over 6,000 guests through our doors, people are already talking. Our proof is in the overwhelming positive feedback we receive from students and groups like YOU!

## SEEING IS BELIEVING!

We want you to experience first-hand why our students love us, by offering YOU a complementary experience with us! Get your bags packed and contact us to set up an adventure that will change your life! [Marketing@alloutafrica.com](mailto:Marketing@alloutafrica.com)
