### **Overview:**

After a devastating civil war that lasted almost 30 years, Mozambique has emerged as a peaceful democratic country transformed by heroic wartime leaders. The tour begins by travelling to Mozambique's capital city, Maputo, where you have the chance to discover and explore many of Mozambique's iconic landmarks. The statue of Mozambique's first president, Samora Moisés Machel, which is located on the lush Tuduro Gardens, is first on the list. Visit the Casa Do Ferro (Iron House) - built in 1892 by Alexandre Gustave Eiffel with the intention of accommodating the Governor at the time. However, because it is made entirely of Iron and because of Mozambique's high temperatures no one has ever inhabited it. An eye-catching central dome and marble pillars leads to the next stop, again one of Eiffel's works of art – The Maputo Central Station. Take in the view of the Praça Dos trabalhadores (Worker's Square) which is located across the Maputo Central Station. Travel along scenic garden routes to your next destination, the Maputo Natural Historic Museum where you will have the opportunity to learn about the natural history of Maputo as well as get the chance to view figures of various animals in action throughout the museum. Explore the various crafts markets while taking a stroll through Maputo's palm dotted Costa Do Sol beach, ending off the tour with the finest fresh fish feast in Maputo's fish market.

**Included:** Transport to and from your accommodation in an air-conditioned vehicle with an experienced driver, guided tour of Maputo City visiting the cathedral, steel house, Samora Michel monument, train station, Fort (entry fee not included), arts and crafts market and if interested the fish-market.
