

TEACHING & YOUTH DEVELOPMENT

Education is one of the key needs of children and is their doorway to a bright future. In South Africa all children have to go to school, because it is seen a basic human right, yet a large percentage of children struggle to go to or to do well at school due to the effects of unemployment, HIV AIDS, poverty and substance abuse. This project involves working with a school in the Hout Bay area of Cape Town, South Africa, which offers education and the hope of a future to many young people.

The Teaching Project aims to assist children at primary school level with support in a variety of ways including getting students to read and offering one-on-one support to children who are performing below the 20% pass rate. You also will be working in the after-school project that continues to support educational activities including reading and homework, as well as teaching life skills and activities to improve self-confidence. You don't need to have prior experience to volunteer on this project; all you need is to be motivated and sensitive.

WHERE YOUR PROJECT FEE GOES

By signing up with us you are donating your time and skills to work directly with communities in need through a structured project. There are many benefits of volunteering with an organization like ours. Sometimes it is hard to find projects to support in a foreign country that are safe, worthwhile and reputable. When you sign-up for one of our projects for 2 or 12-weeks, you become part of a bigger, sustainable plan that our team of qualified staff has carefully crafted. You will also receive travel and visa support, orientation, a safe place to stay, logistical support, in addition to clear expectations of the work you will do. This is why we charge a fee for volunteering or interning abroad.

Your project fee goes towards a company you can trust, an experience that is worthwhile and an opportunity that will make a positive and sustainable impact on the community you have chosen to serve.
